

Wednesday 9 April 2025					
07:00 – 17:00 Registration Desk Open					
07:30 – 19:00 Exhibition Open					
07:30 – 08:00 Arrival Tea & Coffee					
08:00 – 08:50 Opening Ceremony					
08:00 – 08:30 Powhiri					
08:30 – 08:40 President, Australian College of Critical Care Nurses					
08:40 – 08:50 President, Australian and New Zealand Intensive Care Society					
08:50 – 10:30 Plenary Session 1: Compassionate Care in the Digital Age – Merging Hearts and Minds					
08:50 – 09:15 Title to be announced Dr Tim Wigmore					
09:15 – 09:40 From conflict to compassion, how micro-conversations drive unit culture Dr Jenny Rudolph					
09:40 – 10:05 Bringing together the ‘hearts’ and ‘minds’ of outcomes measurements: Demonstrating the value of compassionate care as a core element of critical care nursing Prof Martha Curley					
10:05 – 10:30 A Survivor’s Story Mr Duane Alvares					
10:30 – 11:00 Morning Tea, Industry Exhibition and Poster Viewing					
11:00 – 12:30	<u>Concurrent Session 1</u> Critical Care Resilience in the Face of Challenge	<u>Concurrent Session 2</u> Best Nursing Paper	<u>Concurrent Session 3</u> ANZICS CORE	<u>Concurrent Session 4</u> Bringing Together Hearts and Minds: Partnering with Families in the (P)ICU	<u>Concurrent Session 5</u> Best Paediatric Medical Paper
	Resilience in the face of conflict - Regional and global conflict and the challenges to ICU services A/Prof Commodore Anthony Holley AM Testing resilience in the Christchurch Shootings Speaker to be announced	Guidelines for the nonpharmacological prevention and management of patient agitation in the adult ICU Mrs Anne Mette Adams Support strategies for deployed nurses in surged intensive care units are	Session content to be announced	Integrating consumer voice into PICU research: an overview of current practices Ms Alyssa Serratore Practicalities of partnering with bereaved parents to design research	Virtual PICU: Use of discrete event simulation modelling as a strategic planning tool for intensive care units Dr Marino Festa Pediatric intensive care unit admission was not associated with chronic

	<p>Preparing for Alpine Fault 8 – The one in 300yr magnitude 8 earthquake coming soon to South Island New Zealand Speaker to be announced</p> <p>Discussion</p>	<p>vital to prevent overburdening the critical care team Mrs Belinda Causby</p> <p>Mobilisation overview in a quaternary intensive care unit: A cross sectional descriptive survey Mr Andrew Neilson</p> <p>Perceived barriers to providing culturally appropriate end-of-life care for patients and families in the ICU Ms Kylie O'Neill</p> <p>Pressure injury acquisition in the ICU population: Prevalence, timing and associated clinical characteristics Dr Julia Pilowsky</p> <p>Critical care education vary widely, calling the need for a standardised approach Dr Farida Saghafi</p>		<p>Mrs Arielle Jolly</p> <p>If parents are worried their child is getting worse - The vital sign Prof Fenella Gill</p> <p>Cultural elements in family partnerships Ms Hera Watkinson</p> <p>A family voice in PICU care Speaker to be announced</p> <p>Discussion</p>	<p>opioid use in adult survivors in a retrospective cohort study Dr Ayush Lacoul</p> <p>Extracorporeal membrane oxygenation assisted versus conventional cardiopulmonary resuscitation in children: A retrospective analysis of factors associated with conversion from one to the other A/Prof Adrian Mattke</p> <p>Central venous catheter-associated thrombosis for neonates and infants with congenital heart disease: A prospective cohort study Mrs Jennifer Orchard</p> <p>Prolonged versus intermittent beta-lactam antibiotic infusions in paediatric critical care: A systematic review and meta-analysis Dr Kirsty O'Keefe</p>
<p>12:30 – 13:30</p>		<p>Lunch, Industry Exhibition & Poster Viewing</p>			

13:30 – 15:00	<u>Concurrent Session 6</u> ODNZ (Organ Donation New Zealand)	<u>Concurrent Session 7</u> Nursing Papers	<u>Concurrent Session 8</u> Weaker in, weaker out	<u>Concurrent Session 9</u> Best Medical Paper	<u>Concurrent Session 10</u> Best Paediatric Nursing/Neonatal Paper
	<p>How we die – Cultural and religious perspectives at the end of life Alex Kazemi</p> <p>Assisted dying donation (ADD) Kim Grayson</p> <p>Panel discussion: Family donation conversations and experiences Oli Carle, Jen Calius, Sam Cawte, Sue Garland & Mrs Alison Hodak</p>	<p>Factors associated with treatment limitation orders and mortality in critically ill ICU patients Ms Danila Bigioli</p> <p>Advanced cellular therapies in haematology significantly impact activation rates and resource requirements for rapid response systems Mr Douglas Billing</p> <p>Exit blocks from the Australian intensive care unit: A survey of intensive care clinicians’ perspectives on barriers and facilitators to timely ICU patient discharge Ms Anne-Maree Keegan</p> <p>The prevalence and utilisation of arterial catheters in adult intensive care unit patients: An Australian and New Zealand point prevalence study Prof Samantha Keogh</p>	<p>Muscle loss following severe TBI Dr Marc Nickels</p> <p>Title to be announced Amie Sinden</p> <p>Optimal mobilisation - Patient selection and dose Prof Ary Serpa Neto</p> <p>Are we considering drug withdrawal in our patients with delirium? Ms Annie Egan</p> <p>Discussion</p>	<p>Enteral glycine supplementation increases plasma and muscle glycine concentrations and may attenuate muscle loss in critical illness Dr Yasmine Ali Abdelhamid</p> <p>ICU resource use for elective, non-cardiac surgical admissions to the ICU Dr Alastair Brown</p> <p>A novel face scale and NEWS2 prediction model to assess deteriorating patients in hospital wards: Quick visual early warning score (qVIEWS) study Dr Jack Fisher</p> <p>Long-term outcomes of patients requiring a medical emergency call A/Prof John Santamaria</p> <p>Association of hypercapnic and non-</p>	<p>Honouring personhood, bereavement support, and nurse coping: An integrative review of nurses’ experiences after death in neonatal and paediatric critical care Prof Melissa Bloomer</p> <p>Strengthening aboriginal family involvement in the paediatric escalation system-aboriginal family experience Dr Eileen Boyle</p> <p>Exploring the “family” in family-centred care research in the paediatric intensive care unit: A systematic concept analysis study Dr Ashleigh Butler</p> <p>Evaluating digital communication platforms for enhancing family engagement in PICU care Dr Jacqueline Jauncey-Cooke</p>

		<p>Virtual visiting is available but infrequently used in Australian and New Zealand ICUs: An online survey A/Prof Rachael Parke</p> <p>ICU nurses' redeployment experiences during the Covid-19 pandemic Mrs Louise White</p>		<p>respiratory acidosis with hospital mortality in mechanically ventilated patients with sepsis Dr Ravindranath Tiruvoipati</p> <p>A parallel-group, blinded, placebo-controlled, randomised, pragmatic clinical trial investigating the effect of temazepam on objective and subjective measures of sleep in critically ill patients (the dream trial) Dr Yasmine Ali Abdelhamid</p>	<p>Characteristics and management of Australian infants with bronchiolitis requiring medical retrieval Ms Tina Kendrick</p> <p>Impact of genomic healthcare on PICU nurses' clinical practice Mrs Christina Whitehead</p>
15:00 – 15:30	Afternoon Tea, Industry Exhibition & Poster Viewing				
15:30 – 17:00	Plenary Session 2: Hearts and Minds at the end of life / Compassionate care at the end of life				
15:30 – 15:50	Communication with families at the end of life Ms Rachel Callender				
15:50 – 16:10	The good death in PICU – Time for a change Dr Ashleigh Butler				
16:10 – 16:30	Dying a good death – Respecting and facilitating patients' choices at the end of life Prof Julia Riley				
16:30 – 16:50	Cultural considerations at the end of life in PICU Speaker to be announced				
16:50 – 17:00	Discussion				
17:00 – 17:10	Intensive Care Foundation Presentations				
17:10 – 19:00	Welcome Reception				
19:00 – 21:00	Paediatric Social Function				

Thursday 10 April 2025					
08:00 – 17:00	Registration Desk Open				
08:30 – 17:00	Exhibition Open				
08:00 – 09:00	Sponsor Breakfast Session 1		Sponsor Breakfast Session 2		
Room					
08:30 – 09:00	Arrival Tea & Coffee				
09:00 – 10:30	Plenary Session 3: Clinical Information Systems/Data				
08:30 – 08:55	ROIs of ICU Clinical Information Systems "Long and winding road" Dr Tim Wigmore				
08:55 – 09:20	The jagged path towards an ICU dataset to support inquisitive inquiry Dr Nhi Nguyen				
09:20 – 09:45	Data driven informed care and decision making "Tensions at the interface of humanity and science" A/Prof Neil Orford				
09:45 – 10:00	Discussion				
10:30 – 11:00	Morning Tea, Industry Exhibition & Poster Viewing				
11:00 – 12:30	Concurrent Session 11 Retrieval and repatriation	Concurrent Session 12 Best Nursing Scholarship Paper	Concurrent Session 13 Death and Technology: Personalised practices at the end of life	Concurrent Session 14 Workforce and Burnout	Concurrent Session 15 Best Allied Health Paper
	Disaggregated and diverse - ICU retrieval services in New Zealand Dr Alex Psirides Making it work for babies and kids in NSW, Australia - a stand-alone state service Ms Tina Kendrick	Exploring family views on PICU bereavement care priorities following unexpected child death Mrs Arielle Jolly Assessing clinical deterioration in children with dark-coloured skin: Health professional perspectives Ms Chelsea Kelly	Voluntary Assisted Dying in the ICU – Supporting choice and autonomy in dying Prof Melissa Bloomer The technology of creating memories in the (P)ICU at the end of life Dr Melissa Riegel	Title to be announced Peter Kruger Title to be announced A/Prof Wendy Pollock Buffering burnout, cultivating compassion Amie Sinden Panel Discussion	Movin in ICU: An observational study of mobilisation on vasopressors & inotropes in intensive care Miss Elise Byrne Fluconazole and voriconazole loss during extracorporeal membrane oxygenation

	<p>Retrieval the Next Generation: Evolution of Emergency Medical Retrieval Services in Scotland and Wales Dr Kate Stephens</p> <p>The Final Flight, from ICU to Palliative care at home Andrea Gibbs & Sarah Rodgers</p> <p>Discussion</p>	<p>Is the centralised command centre key to unclogging the bottleneck of patient flow and reducing ICU discharge delays? Speaker to be announced</p> <p>The use of augmentative and alternative communication tools with mechanically ventilated patients in intensive care units: A scoping review Mrs Nipuna Randini Kuruppu</p> <p>Characteristics of medical emergency team and patient and carer activated escalation of care events among culturally and linguistically diverse patients Mrs Sarah Rooney</p> <p>The ABCDEF bundle did not reduce delirium or improve patient function in one Australian ICU, but enhanced post-ICU quality of life - A pragmatic RCT Ms Kellie Sosnowski</p>	<p>In who's best interest - The ethics of end of life care in the PICU Dr Fiona Miles</p> <p>Rapid fire 1: Transferring to preferred place of death Ms Jessie Rowe</p> <p>Rapid fire 2: Cultural considerations in end of life care Ms Hera Watkinson</p> <p>Rapid fire 3: Dying on Country Dr Daniel Alexander</p>		<p>(ECMO) – An ex-vivo study in an infant Mrs Michele Cree</p> <p>Is fluconazole or voriconazole lost during a paediatric renal replacement therapy simulation? An ex-vivo study Mrs Michele Cree</p> <p>Digital health literacy of ICU survivors: A prospective cohort study Ms Nina Leggett</p> <p>The impact of mobilisation dosage during critical illness on likelihood of discharge home: A secondary analysis of a prospective cohort study (PREDICT-dosage) Dr Michelle Paton</p> <p>The impact of analgesation methods on time to mobilisation in intubated adults in ICU: A secondary analysis of a randomised controlled trial Ms Angel Senthilnathan</p>

Robust research on personnel retention tells us that two often-overlooked, but proven variables key are key to staff retention and well-being: voice and appreciation. This workshop boosts clinical leaders' skill to enhance both. There will practical exercises to plan and practice two conversational techniques leaders can enact create a magnetic, high-performance, and compassionate culture around them. The first</i></p>

				<p>care in ventilated patients Mrs Yvette O'Reilly</p> <p>Evaluation of the first 12 months of a weekend ICU pharmacist service Ms Belinda Badman</p> <p>Dedicated speech pathology staffing and hospital length of stay amongst mechanically ventilated ICU survivors: Exploring value beyond clinical outcomes Miss Louisa Greenham</p>	<p><i>highlights “the value of being valued” to build a culture of appreciation. The second focuses on improving performance in everyday clinical practice by holding people to high standards while holding them in high regard. Participants can expect to leave with two practical interventions they can apply immediately and relying on Jenny’s 20 years coaching clinical leaders up the learning curve on these skills.</i></p> <p>Summary of the NZ/AUS context by ANZICS Leadership Group Dr Brownyn Avard</p>
